ANNOUNCEMENTS.

FOR REGISTER.

We are authorized to announce G. W. BINGHAM as a candidate for Register for Hardin County, subject to the action of the Republican party.

Congress is considering the new tariff bill.

The war of rebellion in Brazil is still going on with considerable uncertainty as to the final result.

Lexington, Tenn., has a new paper, The Republican, published by Barnes & Cressy. It is advocating Republican principles.

We say "aye" to the Commercial's nomination of W. J. Slatter to be representative of Franklin county in the next Legislature.

Secretary Carlisle is begging for authority to issue and sell United States bonds for the purpose of raising money to pay the Government's expenses.

It has been decided that persons sending through the mails for counterfeit money violate the "Green goods act," and therefore lay themselves liable to be fined and imprisoned.

Yes, give us a centennial exposition for Tennessee in 1896. If we cannot exhibit away from home let us exhibit at home. We second the Nashville American's motion to that effect.

The 15th of January past and no winter yet, so if our learned weather prognosticators are correct we will have no lengthy cold spells. The coldest weather so far this winter was in November.

The nomination by President Cleveland of Mr. Hornblower, of New York, to a seat in the Supreme Court of the United States was rejected Monday by the Senate. Mr. Hill an anti-Clevelandite from New York led the nomination.

President Cleveland, through Minister Willis at Honolulu, has asked the provisional government to retire and permit the monarchy under Queen Lilioukalani to resume control, but the provisional government promptly refused to quit. This matter is in the hands of Congress.

State Treasurer Craig makes the startling announcement that by the end of 1894 the State will have a surplus of over \$400,000, and recommends that Gov. Turney call an extra session of the Legislature for the purpose of repealing that part of the penitentiary act which provides for issuing bonds to the amount of \$600,000, and appropriate the surplus to the building of the penitentiary instead of selling the bonds for that purpose.

The Proposed Canal.

We have before us a report of the State Commissioner on Improvement to Waterways and also of the Chief Engineer, J. Jay Williams, showing the cost of constructing a canal connecting the Tennessee and Mississippi rivers by two different routes; one from the mouth of Oak river, near Saltillo, to connect with the Forked Deer near Henderson and by that stream to the Mississippi. This canal would be thirty miles in length and its entire cost \$3,529,000. The other route is from the mouth of Lick creek, near Hamburg, to connect with the Hatchie river, near Pocahontas, and by that stream to the Mississippi. This canal is thirty-two miles in length and would cost \$3,973,540.

The opening of either of these canals would shorten the distance from upper Tennessee to lower Mississippi river points at least 500 miles and open up a vast amount of mineral and agricultural lands now lying undeveloped.

The next Legislature should make an appropriation by which work could begin on one or the other of these canals.

Let us have Reform.

The article in the COURIER last week, advocating the enforcement of our laws, seems to have struck a popular chord, and the subject certainly is deserving of the serious consideration of all good citizens. We must either turn over a new leaf and enforce the laws, or turn the county over to mob rings, and anarchy. We believe in the old fashioned doctrine of "hewing to the line, let the chips fall where they may," and as the proceedings of the last session of our County Court seem to indicate that even that honorable body or at least some of its members, whose official positions alone, should have caused them to observe the law, but who have on the contrary, (through ignorance, let us charitably suppose) been with seeming impunity, violating some of the important provisions of the Code; it would seem to be very appropriate that this much needed work of reformation should begin at the fountain head, so to speak.

TAX PAYER.

Vick's Floral Guide, 1894.

It contains descriptions that describe, not mislead, illustrations that instruct not exaggerate. This year it comes to us in a suit of gold. Printed in eight different colors besides black. Colored plates of Chrysanthemums, Poppies and Vegetables. On the front cover is a very exquisite bunch of Vick's New White Branching Aster and on the back is the New Double Anemone: 112 pages filled with many new varieties of value as well as all the old leading varieties of flowers and vegetables.

We advise our friends who intend doing anything in the garden this year to consult Vick before starting operations. Send 10 cts. to James Vick's Sons, Rochester, N. Y., for Vick's Guide, it costs nothing, as you can deduct ten cts. from first order. It certainly will pay you.

THE WARD SEMINARY

of Nashville, Tenn. So widely known throughout the United States for more than a quarter of a century, it commands the attention of all who are interested in the higher education of young ladies. Under the efficient management of its president, J. D. Blanton, and through the munificence of its noble board of directors, it lacks nothing to make it the foremost school of its kind in the south. Generously patronized always, this time-honored institution is ever enlarging its spacious halls and amplifying and broadening its curriculum. The courses of study offered are various and most complete. Special branches are taught by the most competent teachers, who in their various professions have gained national reputations. No school in the south pays such liberal salaries to its teachers and therefore the very best instructions are furnished in all its departments. All those wishing post-graduate and special courses in art, music or any other branches of study, will find its advantages unexcelled. For beautifully illustrated catalogue send your address to J. D. BLANTON, Nashville, Tennessee.

Our New Illustrated Catalogue of Plants, Fruits, Vines, Shrubs, Ornamental Trees, Small Fruits, Grapes, Vases, etc., etc., will be mailed free to all applicants. 100 pages. New complete Plant Catalogue published.
